Which sounds longer to you, 569,400 hours or 65 years? They are exactly the same in length of time. The average man spends his first eighteen years – 157,000 hours – getting an education. That leaves him 412,000 hours from age 18 to 65. Eight hours of every day are spent in sleeping. Eight hours in eating and recreation; so there is left eight hours to work in each day. One third of 412,000 hours a man has in which to work between the ages of 18 to 65. Expressed in hours it doesn't seem a very long time, does it? Now I am not recommending that you tick off the hours that you worked, 134,000, 133,999, 133,998, etc., but I do suggest that whatever you do, you do it with all that you have in you. If you are sleeping, sleep well. If you are playing, play well. If you're working, give the best that is in you, remembering that in the last analysis the real satisfactions in life come not from money and things, but from the realization of a job well done. There in lies the difference between the journeyman worker and a real craftsman.

## Team wins overwhelmingly

The boys' tennis team came in first in the State Conference Tournament after having a tremendous season of 17 wins and 1 loss. Dan Horvath won the singles championship, and Steve Garver and Kevin Green won the doubles championship. Other singles who made All Conference were Tom Glenn and Mike Ward. Coaching the boys to their outstanding record was Mr. Steve Smith.

The tennis team repeatedly showed the value of teamwork and effort by accomplishing one of the best records at Stevenson.

## Girls are league champions

Whoever believed the hypothesis concerning the inability of females to participate in an exciting ball game probably never saw Stevenson's girls' softball team in action. Not only did the girls win eleven games out of a total of fourteen games, but they were also league champs. Although all of the ladies put forth great effort and enthusiasm, there are three members who deserve special attention. Elaine Jeffrey, Brenda Tipton, and Debby Dernay were all chosen as all-area players for their performances on the field.

## Ball players batter opponents

The Junior Varsity Baseball Team ended the 1976 season with eight victories and only three losses. They were also the league champions. The coach, Dave DuBois, was very highly regarded by team members. His support and coaching abilities were appreciated by the players and combined to form a successful and well disciplined team. Outstanding players include the following: Brett Nagy, Dennis Rusiewski, and Jim Nagel, as hitters; John Mullane and Jack Lang as pitchers; Micky Grech as catcher; and John Giragosian as defensive short-stop.

(1) Bruce Ushiro makes a mad dash toward home plate. (2) John Giragosian is tagged out at second base.

## Scholarship funds raised by students

Last year about 24 scholarships, ranging from \$200 to \$500 each, were given out by the \$ for Scholars organization. The monies were raised three different ways by area schools. First, Stevenson students participated in a teeter-totter marathon at Wonderland Center where almost \$660 was collected. Also, by house-to-house canvassing students solicited \$1,068. Finally, individual pledges were collected, bringing the total raised by Stevenson to over \$2,000. Again, Stevenson proved to be one of the top money raisers for the fund.

(2)

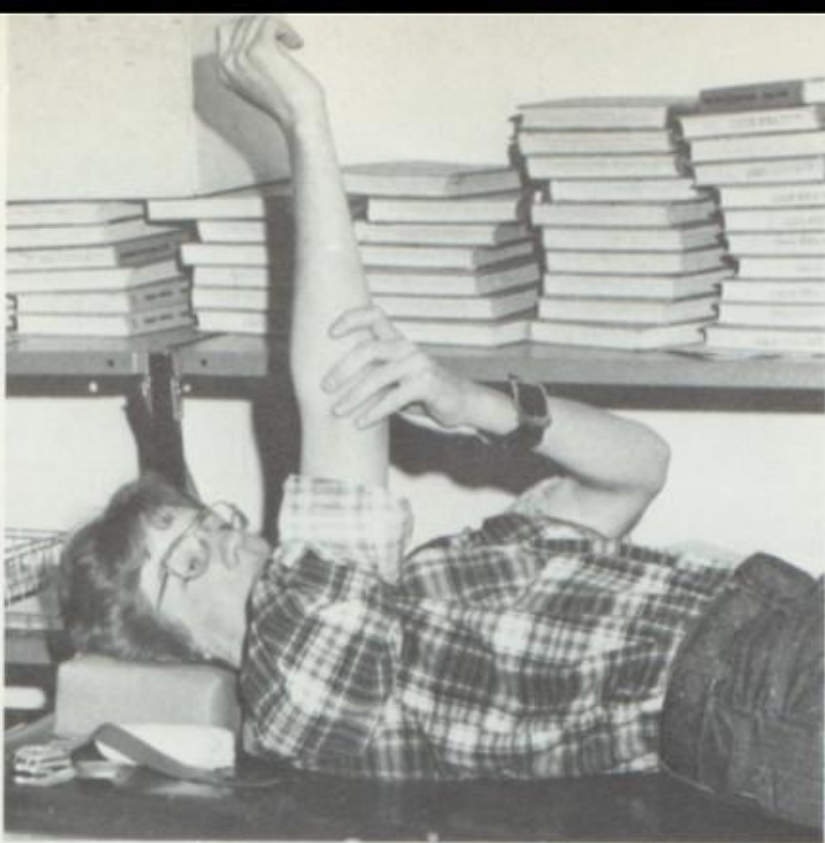

(1) An announcer advises onlookers of the purpose of the teeter-totter contest. (2) On of the extreme right, Tom Caprara calls out encouragement to a Bentley student while Skip Uhlir stands and watches. (3) Leslie Scurto and Tom Caprara, representing Stevenson, have their ups and downs.

(3)

(1)

## And it didn't hurt a bit

This is what the students and staff who donated blood found out in the May 1976 Red Cross blood drive held at Stevenson. Approximately 110 pints of blood were collected, bringing the total to 220 pints for the two blood drives of the 1975-76 school year.

The Student Senate, under the direction of Mr. Massey, sponsored the drive. They hope to make the blood-giving a semi-annual event.

Once again Stevenson has demonstrated its concern for the community by donating to this worthwhile cause.

(4)

## Girls race to victory

The girls' Track Team, led by co-captains Lois LeFevre and Carolyn Booth, had an impressive season as they broke eight records, took first place in the league, placing first in nine events. Also, they won second place in the regionals, qualifying for the state meet.

In the regionals Julie Voyles won first place in the 2-Mile with Kathy Dubois second. Karen Schmidt took first place in the 100 yard dash; Sue Ostrander placed second in the Mile and Carolyn Booth second in High Jump.

According to Ms. Embree, coach, the team was "aggressive and hardworking and had much more depth in distance runners than ever before." Lois LeFevre was named the year's most valuable player.

## Young SHS track team shows promise for future

The Stevenson track team finished '76 with a mediocre season. However, Coach Holmberg felt the team showed promise and will be more successful in the next two years. "The reason for this," he explained, "is that the team mainly consisted of Juniors and sophomores who showed much potential."

Among the outstanding trackmen of the year were Sophomore, Mike Wheeler, Juniors, Mark Niemchik and Bill Rowley, and Seniors, John Lokar and Dave Bowlby.

## '76 Spring events bring enjoyment

One of the most enjoyable events of the Spring '76 season was the variety show, "Sunnin and Funnin." Each performance brought out the hidden talents of many students. Also, the show featured the return of the Faculty Four, a quartet of Mr. Soave, Mr. Quick, Mr. Croll, and Mr. Everson.

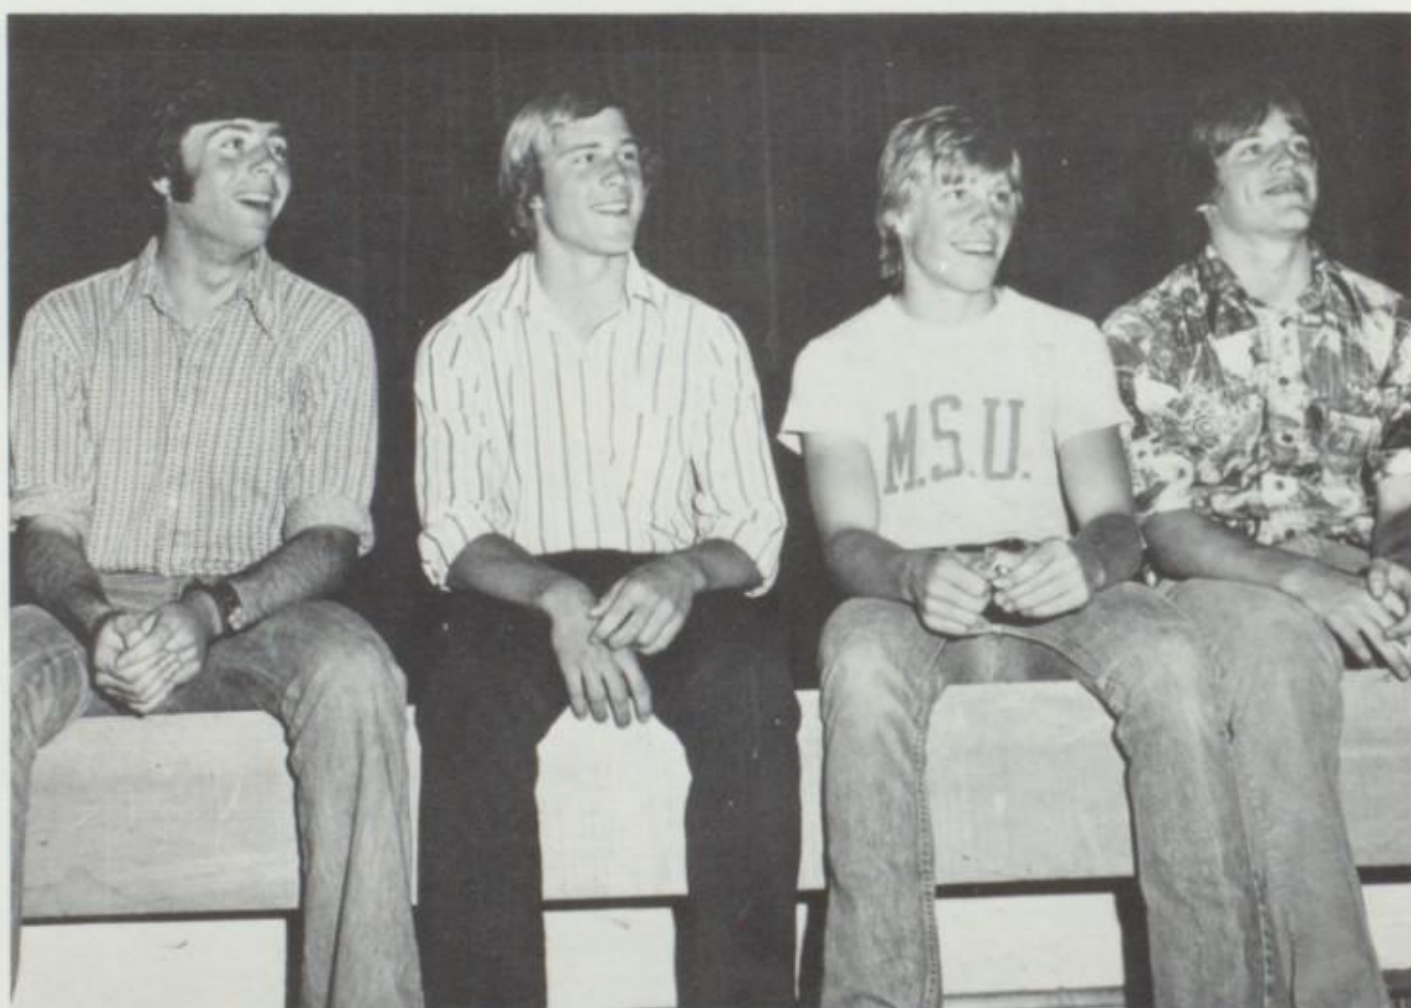

A fairly new event, Pride Week, also brightened the spring days. The students participated in Hat Day, T-shirt Day, and Crazy Socks and Tennis Shoe Day. A bubble gum blowing contest was held at the end of the week. The week featured the Rent-a-Student-Day, in which students who were auctioned off during lunchtime did deeds for the buyer the following day. All the money raised went toward Dollars for Scholars.

## Slow starters come in first

The Varsity Baseball Team started off their season slowly, but things picked up for them dramatically later on. Under the guidance of Coach George Van Wagoner the team, with eight starting seniors, emerged as the District Champions.

Tim Murphy and Jim Snyder were chosen for the All Observer Team. Also, John Kolis, Tim Murphy, Dave Pelli, and Jim Snyder were picked for the All Conference team.

## Honors Night brings applause

To the applause of the audience, students received public recognition of their outstanding achievements. Mrs. Bentley participated in the event for the first time as principal.

Awards were given in a variety of areas that included grade point average, scholarships, citizenship, outstanding accomplishments in academic, athletic, and extra-curricular achievement. Barbara Lynn Treharne was especially noted for being one of the first girls to be appointed to West Point and Kathleen O'Connor was named as the winner of the prized Formsma award.

Forty-three students 31 of them seniors, received an All School Pin which they earned by participating in extra-curricular activities in an outstanding manner. Thus, on this one special night of the year, Stevenson's exceptional students were given the recognition due them.

# Fairlane Manor hosts seniors

"Do You Know You're Going To" was a well chosen theme for one of the final popular farewell activities for the graduating seniors-- the senior prom. Hundreds of young adults gathered at the Fairlane Manor in Dearborn for an entire night of dining and dancing. The music was provided by the "Johnny Wallace 5." Although the 1976 prom had one of the highest number of persons in attendance compared to previous years, many individuals were disappointed with the prom itself. A major complaint was in reference to the food which was served there. Nevertheless, the evening was not a total loss; in fact, it proved to be very successful. After the prom came to a close, the parties began. After the parties, came the breakfasts, and for those who could muster up the strength, the night continued well into the following day. These people either went to Cedar Point or some even went as far as going camping for the remainder of the weekend. Eventually everyone went home and crawled into their own beds for a long, long sleep to recover from this long, exciting, and exhausting weekend.

## Seniors voice their opinions on graduation

Graduation in the eyes of seniors is a very big and special event that takes place in their lives. After thirteen hard, long years of teachers, books, and homework every senior looks forward to that grand month, June.

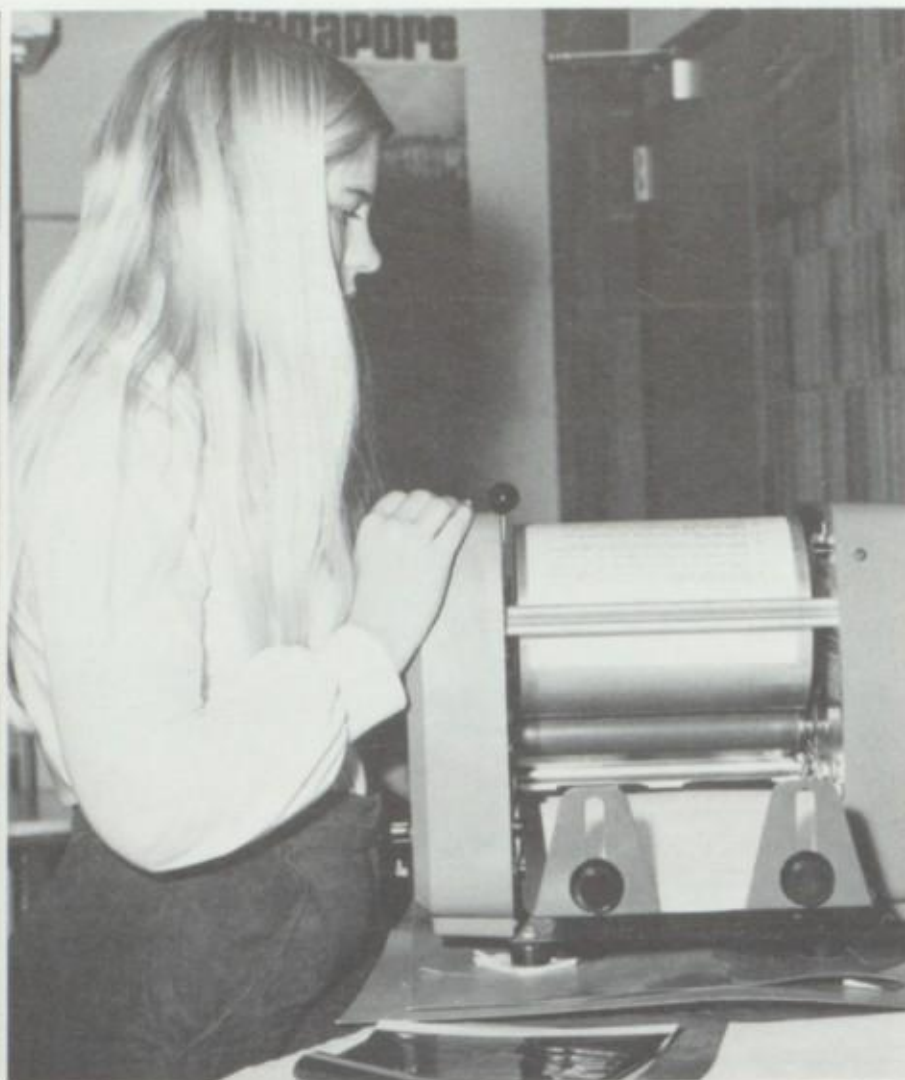

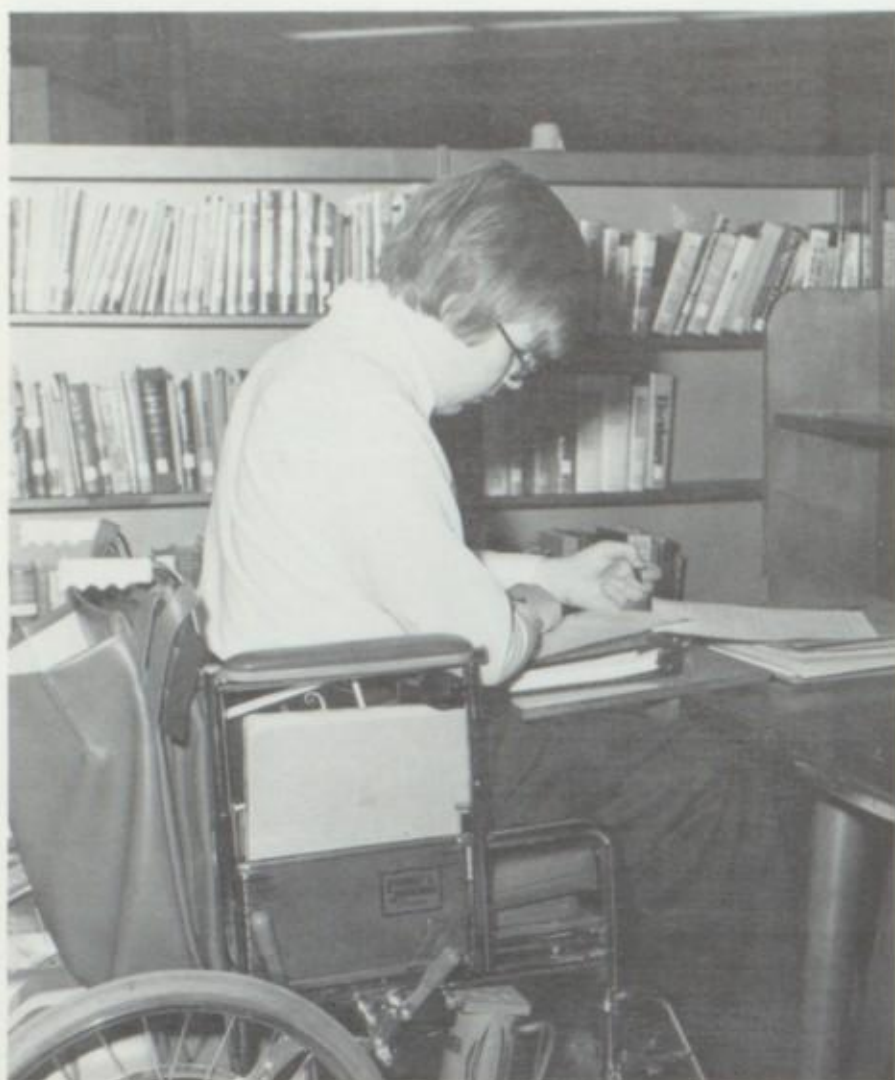

This year's graduation was a bit different from other graduations because there was quite a bit of controversy over just where the ceremonies were going to be held. After months of disagreement, seniors won approval to hold the ceremonies outside.

The graduation was success despite semi-wet grounds, cool, high winds, and a partially muddy football field. Even with all of this, seniors still enjoyed their ceremonies.

## Administration promotes school involvement

There were no changes in school administration this year. Mrs. Bentley has been Stevenson's principal for two years and says, "It's been two years and I still enjoy my job." She noted that students are becoming more involved in all school activities and was especially appreciative of the Student Senate's activity and increasing involvement in school affairs. In addition, Mrs. Bentley has promoted teacher participation on school committees and most teachers feel that Mrs. Bentley is very efficient and see her as a super administrator.

The assistant principals, Mr. Hudnut, Mr. Kremkow and Mr. Weipert, continue to serve the school and students in the scheduling, student accounting and business offices respectively.

## Office staff serves school

Many students do not realize how important the office staff is to a school. Working in main office, scheduling, business, library, counseling, and attendance, these women help to keep the school running efficiently and smoothly.

They perform many involved jobs that benefit the school and the students.

## Counselors cover many areas

The most busy place in Stevenson High School is the counseling department. Every student at one time or another in their three years at Stevenson visits the counseling department for one reason or for another.

The counseling department not only aids students with their class difficulties, but also aids graduating seniors with their choice for the college they will attend next fall. Counselors also assist students with their college applications, achievement tests, and career choices.

Our nine-member counseling department staff is always eager and willing to give each student personal, academic, and individual guidance. With a lot of organization and experience, the counseling department runs smoothly, despite a constant rush.

## Cafeteria pleases students

Thanks to the efficiency of the lunchroom staff, hungry Stevenson students had delicious and nutritious meals served to them quickly and pleasantly. The big event of the year was the introduction of "The Stevenson Burger" to the menu. This hamburger is bigger and better than last year's version. It was the cafeteria's biggest seller. Lila Elliott was the new manager this year, coming in September, and her way of doing things is pleasing to the students.

## Custodians Cope Efficiently

How can a school operate without custodians? It can't. The custodians have kept our school clean and shining during the year by working constantly. The staff of thirteen, including both day and night workers, cope magnificently with the daily mess and trash that accumulate.

# ALPHA gives an alternative

Some selected Stevenson students have an opportunity to join a program known as ALPHA. ALPHA provides a limited number of students a greater degree of independence and flexibility in planning their education while at the same time increasing the personal attention they receive from teachers.

Independent study, community service, work experience and increased use of community resources are important aspects of ALPHA.

## Stevenson offers special services

In academic services, counseling, and extra-curricular activities, Stevenson offers students a wide range of opportunities. For example, Mr. Majeske, new to Stevenson this year, runs the Learning Lab where students may go for assistance in strengthening their skills and study habits.

Health careers classes taught by Ms. Turner and Ms. Worthington offer in-class study of health careers and a weekly visit to a health center for a first hand view of the field studied.

Activities director, Mr. Massey, plans and directs extra-curricular activities. He reports happily that this year students have become increasingly interested in joining in these activities.

## Talented students enter shows

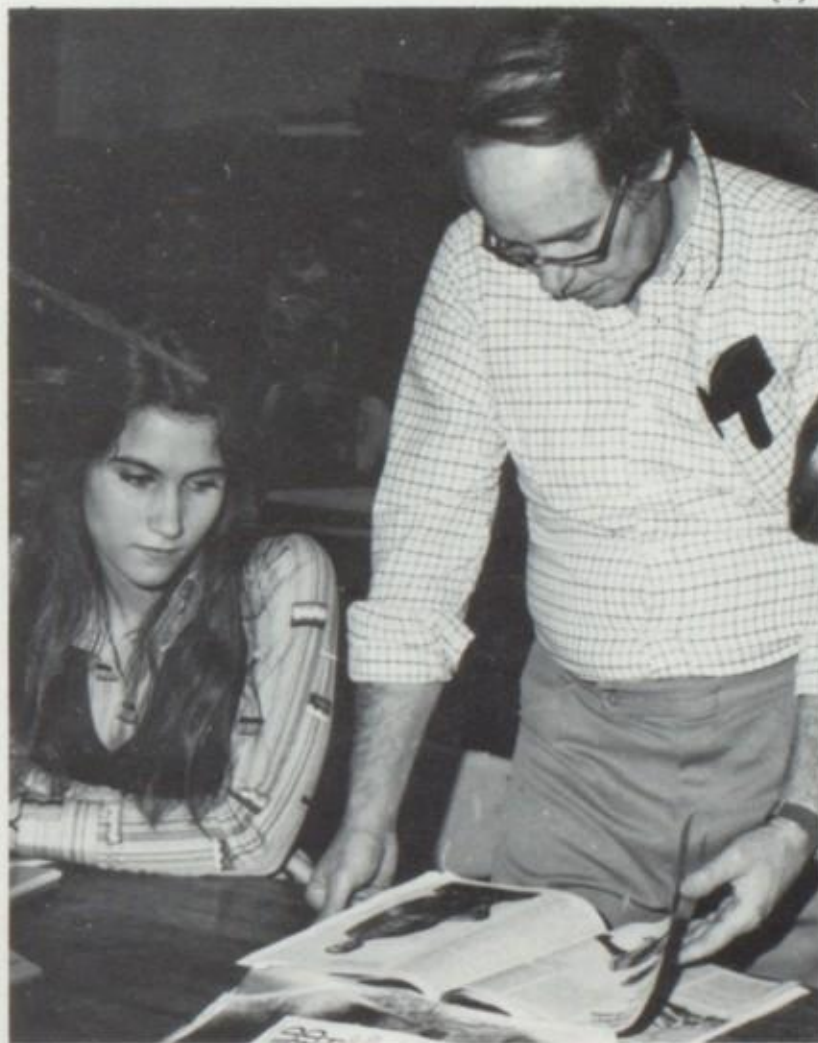

The Art department had a very successful year in their exhibits and displays. They presented much of their work in and around Livonia and Metropolitan Detroit. One of the shows which many of the Stevenson students entered was the Scholastic Art show sponsored by J.L. Hudson's and Scholastic Magazine. Stevenson students placed very high in all categories.

The photography class has grown in popularity; because of this not all students that wish to enroll are able to. A proposal has been set in front of the school board asking for larger facilities and some new equipment. Approval has been granted but now the problem is lack of money.

## Band's talent shines

Stevenson's musical talent has turned in an outstanding performance under the direction of Mr. Richard Neal, a seasoned musician and experienced teacher.

The Band Department consists of five areas: Symphonic Band, Concert Band, Jazz Band, Marching Band and Orchestra. The Symphonic Band, through hard work and dedication to music, has made themselves one of the finest bands Stevenson has ever had. The Concert Band showed great promise at the beginning of the year and has proved to be very good. Both the Jazz Band and the Marching Band have had an excellent year.

All departments of the band participated in many music festivals and community activities. This year, in keeping with the school's reputation of possessing fine musical talent, Stevenson hosted the District Festival. At the festival, bands from local schools competed against each other for awards and a chance to compete for the State Championship.

Stevenson High School has always had a prestigious music department and can look forward to many more years of excellence with the expert help of Mr. Neal.

## Business Students acquire skills

Mr. Firestone, chairman, stated, "The purpose of the Business department is two-fold: To give the students an opportunity to acquire the knowledge and skills needed to function in our economic system and to give them the vocational knowledge and skills needed for initial employment in business."

While no new classes were added this year, Accounting 3&4 are planned for the 1977-78 year. Several staff changes were made also. Mrs. Rose and Mrs. Helmick joined the department while Mrs. Dillenbech and Mrs. Cole were transferred to other positions.

## Singers do great job

The Singing Spartans, Girls Chorus and Select Girls Chorus did a tremendous job this year of singing their way into everyone's hearts. Besides giving concerts away from the school for various groups and organizations, the choir also sang for the kids at assemblies and special programs here at Stevenson. Lowell Everson once again directed these active groups. The students are intensely loyal to Mr. Everson and consistently do their best for him and the school.

Laura Hooper takes a break from singing to have a quick conversation with Tim Nowroski.

# Dept. fosters growth of language arts skills

The department believes that there is a connection between a person's skills, knowledge, and convictions and his or her self-respect and dignity, and that there are basic skills of reading, writing, and speech that all students should acquire according to their capacities so that they might better function in today's complex society.

Currently, the department is looking at all of its offerings with a view to updating and strengthening them. For the first time in our school there is an advisory committee, consisting of students and teachers, who are to make recommendations to the Department regarding its objectives, content, and materials for various courses.

Twenty teachers are now in the department. Mr. Joseph Taylor retired in December, and Ms. Alison Wilson (a former Stevenson student) and Ms. Anita Ciatti have been added to the staff.

## Languages teach culture, careers

This year the Foreign Language Department, headed by Mr. David Groen, expanded traditional goals by informing students of career opportunities for graduates with a second language.

ESL (English as a Second Language), a program unique to Stevenson, in its third year proved beneficial to students with non-English speaking backgrounds.

The foreign Language Festival, held on March 10, was an opportunity for pupils to get together and learn about foreign cultures. French, German, and Spanish classes provided costumes, decoration, food, entertainment and fun for all.

## Family Life reflects changing trends

Offering students a variety of courses, the Family Life Department reflects the growing interest in having better homes, family life, and communities.

Among the courses offered are the tailoring class, the child development class, and the family living class, in addition to the traditional classes pertaining to sewing and cooking.

The highlight of this year was the Christmas Exhibit. All of the students participated in the event by making a Christmas craft. The family food's class served punch and goodies to all of the teachers and students who attended.

Also, Santa visited Mrs. Jones' class of preschoolers giving them an entertaining morning.

# Industrial Education expands program

The objectives of the Industrial Education Department are twofold: To provide courses which help prepare students for occupations, and to provide experiences and skills which students may use avocationally.

This year the department added to its scheduled classes, Technical Math for Industry, which is designed to provide students with those math skills necessary for success in advanced courses and in future work. Mr. Paul Locher is currently teaching the course. Also, the automotive area has had a complete new auto facility installed to provide "hands on" instruction in the Auto Owner and Auto Power classes. Next Fall, the department expects to offer a course in home maintenance and remodeling. Thus, the present program is being expanded, and at the same time each "current" area of instruction is being examined and brought up to date.

According to Mr. Robison, chairman, the department hopes to appeal to all students, not only to the career minded, but also to future "do-it-yourselfers."

## IMC aids students

The library provides a place where students and learning materials can get together. In addition to the regular facilities, our library contains such things as an expanded Information file, a career exploration center, and six microfiche machines.

These machines use small cards called Moiscritps (Michigan Occupational Informational System). Containing the most recent information on occupations, 80% of the jobs in the state are described on these films. Next year 99% will be on them. Therefore, the Microfiche machines are valuable to students who are looking for their future occupations. Thus, Stevenson's library truly serves the student's needs.

# Math Department challenges students

The study of mathematics can be confusing and complicated. The Math Department solves these problems by offering students a wide variety of math classes to help them through every day life or to prepare them for college.

Headed by Mr. Dick Harding, the Math Department consists of experienced teachers and a well balanced assortment of classes. In these classes, students learn everything from geometric theorems to sine to probability to Computer Math.

All these reasons give Stevenson High School one of the best math programs in the city.

## Activities develop skills

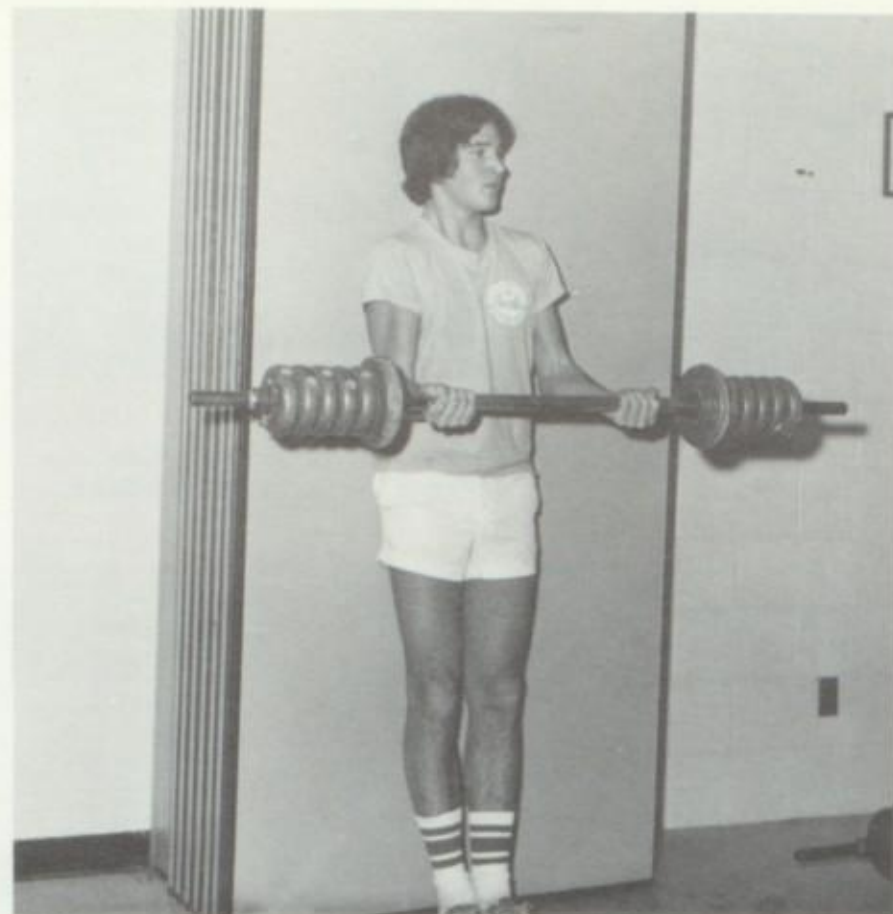

The objective of the Physical Education Department is to develop physical, mental, and social skills in the courses offered. Mr. Gabel, Department Chairman, has noted that students are showing more enthusiasm for recreational activities, and the department would like to be able to add "life-time" activities courses, such as sailing, canoeing, and skiing, that would teach skills for leisure time pursuits.

Many students showed their interest in this type of activity by attending a cross country ski clinic held as an extra-curricular event during the week of finals in January.

Meanwhile "phys ed" classes continue to be popular with students. The advanced classes that have been coed for the past three years have been very successful in the adaptation of boys and girls to sharing activities together.

## Science challenges students

Constantly striving to incorporate new ideas and change in their programs, the Science Department has been working this year on some new classes and changes in the old ones. The department, headed by Mr. Bundy, has added two new teachers to the staff, Mr. Paul Serri and Mr. Larry Ruzsas. Mr. Bundy feels that new teachers bring new ideas and the department always welcomes them. With these new ideas and new classes the department is consistently challenging the student's minds.

# Social Studies teaches awareness

The department strives to give students a new and different outlook on the future by studying the past and the present. In addition to the regular classes this year a new class, A. P. History, was added to the curriculum. The class is directed at the high ability student who will be taking the Advanced Placement Exam in American history for college credit and is a concentrated study of American history as viewed by historians. Historical research techniques and interpretation are being taught.

Several changes have taken place in this department, including the departure of Mr. Smith, who was department chairman. Mr. Smith, who has taught at Stevenson for seven years, was appointed as an assistant principal at Churchill High School. Stevenson wishes Mr. Smith the best of luck.

New this year at Stevenson is Mr. Baynes, Mr. Gardiner, and Ms. Sue Rompel.

ortssportssportssportssportssportssportssportss

It takes a little courage  
And a little self-control  
And some grim determination  
If you want to reach the goal;  
It takes a deal of striving  
And a firm and stern-set-chin,  
No matter what the battle,  
If you're really out to win.  
There's no easy path to glory,  
There's no rosy road to fame;  
Life, however we may view it,  
Is no simple parlor game;  
But its prizes call for fighting,  
For endurance and for grit,  
For a rugged disposition  
And a "don't-know-when-to-quit."  
You must take a blow or give one;  
And expect that in the struggle  
You will suffer from a bruise;  
But you mustn't wince or falter  
If a fight you once begin –  
Be a man and face the battle,  
That's the only way to win.

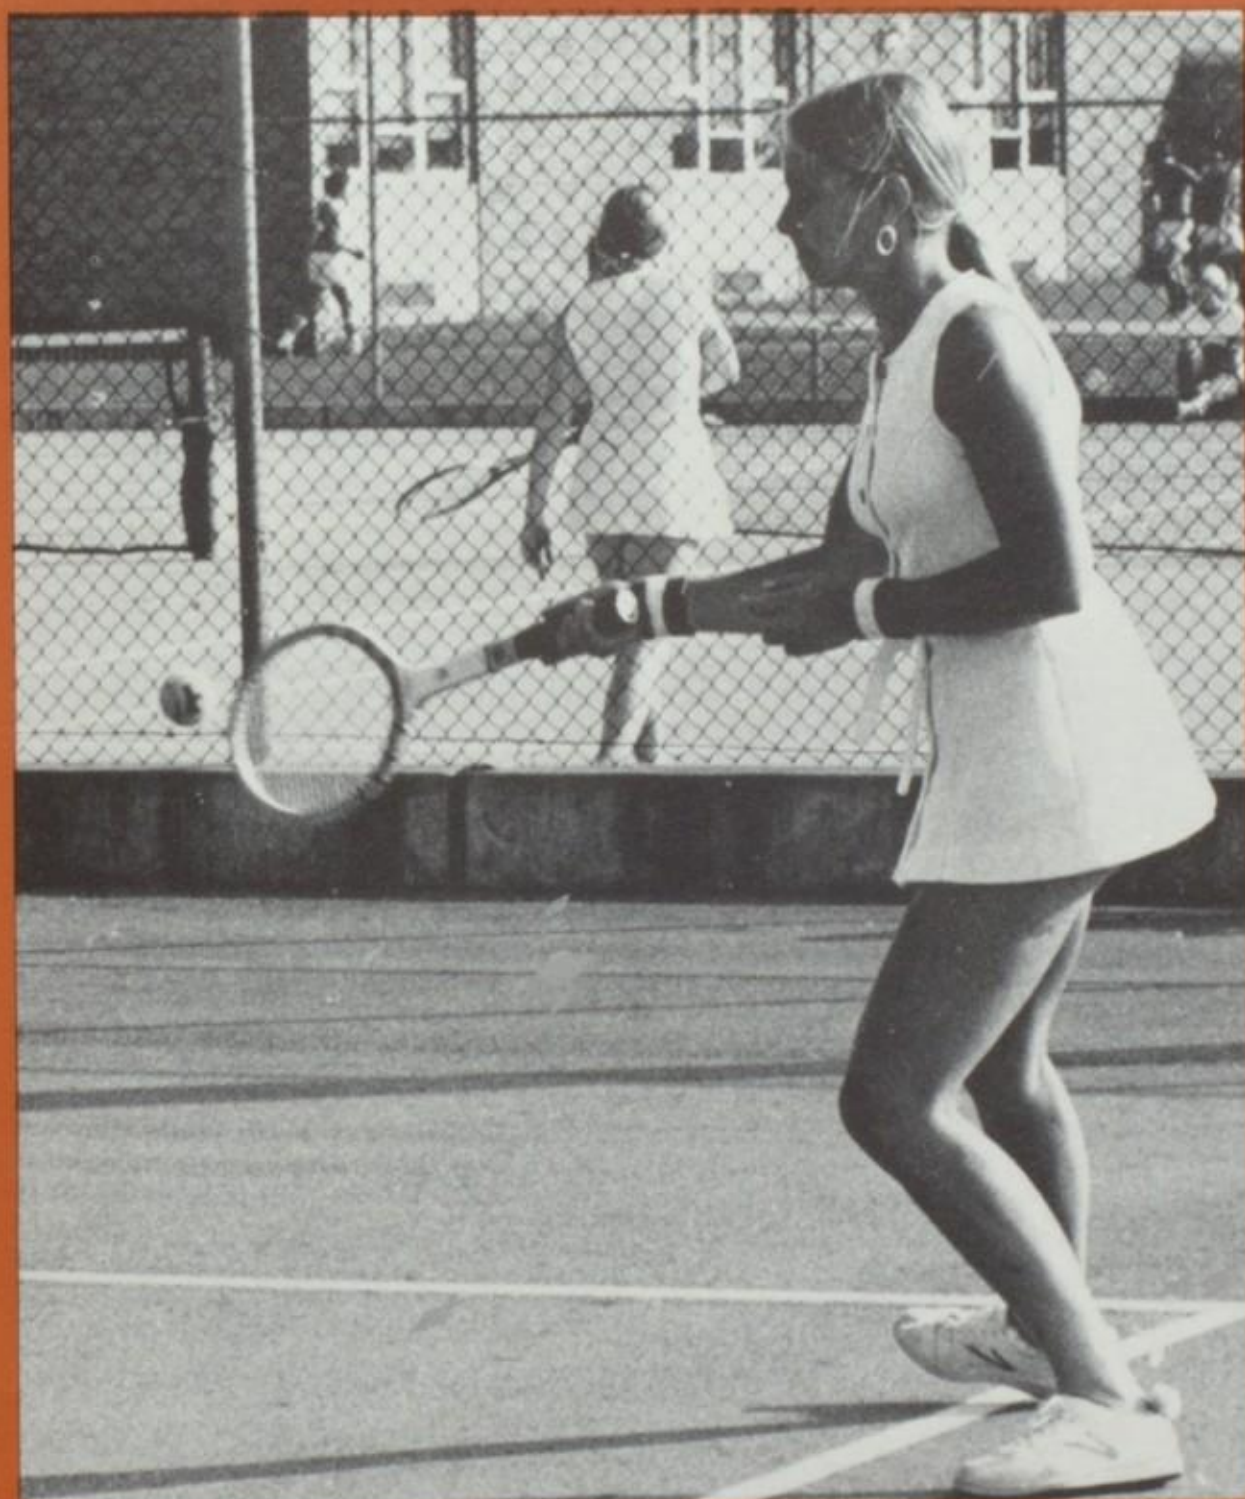

I will try to find contentment  
in the paths that I must tread;  
I will cease to have resentment  
when another moves ahead.  
I will not be swayed by envy  
when my rivals strength is shown;  
I will not deny his merit,  
but I'll try to prove my own.

## Spartans conquer all

The Varsity Football Team played spectacularly and defeated all their opponents in league games. Team members broke Stevenson records and received awards and nominations for their performances.

Ron Colone, Craig Barton, Jim Dolmetsch, and Dave Gilland set new Stevenson records, and outstanding among the awards received was the appointment of Ron Colone and Jim Dolmetsch to the All State Football Team. Only five players from Livonia have received this award in twenty years. Bill Gardner, Jim Spala, and Steve Taylor were named to the first string All Observer Team.

Following this year's pattern, Coach Jack Reardon was named as Suburban Coach of the Year.

## Girl swimmers make a winning combination

Outstanding performances have come to be expected of Stevenson's Girls' Swim Team. After finishing their season with a 15-2 win-loss record and one tie, the girls swam on to be League Champs and then on to take a second place in the State Meet.

Coach Mrs. McDonald felt that her team was fantastic. They put skill and teamwork together and came up with a winning combination. She also said that her girls had a closeness that is hard to find in an individual sport such as swimming.

Individual outstanding achievements were by Linda Hein, a junior, who took a first place in the 200 Individual Medley and the 100 yard fly, and by Carol Eggers, senior, who also took a first in the state in the 50 yard freestyle and the 100 yard backstroke. The Stevenson Relay Team took yet another first for Stevenson.

The effort put forth by these girls has called for much pride by the students of Stevenson.

## New coach and team excel

The Golf Team gave an outstanding performance this year under the command of the new coach, Mr. Hanford. The team showed its excellence by coming in third in the Regional Meet and playing in the State Championship.

Many members of this year's team are seniors from last year's team. They gave the team their experience, while all the members gave the team a professional style.

Mr. Hanford proved himself to be an excellent coach by improving and polishing the players' techniques.

## Soccer team is best in state

The soccer team won the State Championship, which is the first time any boys' team has won a state championship in the school's history.

Under the expert coaching of Mr. Scerri, who has played and coached both pro and semi-pro soccer, the soccer team beat every team in the league at least once. Bill Ralph, the leading scorer for the team, with 27 goals set a new record for Stevenson.

This has been Stevenson's best year for soccer, due not only to excellent coaching but also to the team members' dedication and the serious attitude with which they regard their sport. They have proved themselves to be professionals in every way.

## JV's prove triumphant

This year's J.V. Football Team accomplished many things. Not only did they achieve the best won, lost, tied record of any previous J.V. team (8-0-1), but also they did it in a very convincing manner. Defensively the JV Spartans held the opposition to 48 points, for an average of only 5.3 points per game; while offensively, they scored a total of 174 points for an average of 19.3 points per game. However, more important than their winning record and outstanding offensive and defensive performances is the manner in which they achieved them. The team's hard work, enthusiasm, aggressiveness, pride, sportsmanship, and teamwork should make both the J.V.'s and the entire school proud.

## Cross Country teams win big

Both the boys' and girls' Cross Country teams proved very successful this year under the coaching of Mr. Holmberg.

The boys' team, led by the team's most valuable runner, Bill Wilkin, was one of the top twenty teams in the state and came in 5th in the state tournament. Both Bill Wilkin and Bill Rowley were placed on the Inter Lakes All Conference Team.

The girls' team, led by Julie Voyles and Kathy Dubois, won every meet, both dual and invitational, that they entered and climaxed their season by winning the State Championship. The team was the first full girls' team at Stevenson.

## Girls end season triumphantly

Throughout the years the girls' varsity basketball team has produced winning seasons. This year was no different. Coach Ms. Embree felt that she had a team that could really work well together and they proved it. The girls, with a 16-2 win/loss record, went on to be League Champs. The team finally faced a defeat in the District Games after beating Dearborn 70-43.

This year the team voted starting junior, Debbie Dernay, as Most Valuable Player. Along with this Debbie was chosen first team All Observerland with her teammate, senior Brenda Tipton receiving honorable mention. Overall the girls had a great season.

 Guys make a  
 big plus!

LET'S GO! The Varsity Cheerleaders added something new to spice up their act, five male cheerleaders. Mike Sims, Bill Rowley, Bill Wilkin, Brian Bowlby, and Lyle Kellman performed with the girls at pre-game and during halftime at home basketball games. They also did a mini-tramp routine at the Good News Assembly. Their enthusiasm and school spirit was a big plus to our basketball season.

Eight explosive sophomore girls cheered on our J.V. Squad this year. They did a dynamic job and hopefully we'll see them next year.

**Girls work hard**

"We practiced long and hard, and it really showed up in our court play," commented Coach Jandasek. The varsity volleyball team had many returning experienced players, enabling them to work on new and more effective plays. The hard work they put into their season was evident by their 15-1 record and their first place league standing. The Spartans entered two tournaments, one of which was held at Plymouth Canton where they placed second. At that tournament Debby Dernay, Sandy Hamill, and Kathy Pfeffer were chosen All-Star players.

## Slow start doesn't dampen JV's

Although experience was lacking on this Jr. Varsity squad their spirit and enthusiasm carried them on to a victorious season.

The girls started out the season rather slow. As they gained more knowledge of the game and each other, by the coaching of Ms. Embree, they pulled together and ended up with a 12-4 record.

The girls chose their teammate sophomore Cathy McGrath as Most Valuable Player. Ms. Embree gave the honor of Most Improved to hard-working junior, Stacey Lialios.

Experience, or the lack of it, didn't hinder our fantastic team.

## Wrestlers have good record

The Stevenson Wrestling Team overall had a good record this year. The varsity squad was 7-5-1 for the season, while the junior varsity squad had an excellent record at 9-1. The varsity wrestlers leading in scoring were Dean Sauer, Rick Berry, and Tom Parent and co-captains were Tom Parent and Brian Evans. The varsity squad had two most valuable players, Tom Parent 20-9 and Dean Sauer 21-6, while the junior varsity selected Eric Temby 9-0 as their most valuable player. A school record fell this past season as Dave Price recorded the fastest fall in only 17 seconds. The most improved player this past season was Kent Bassett. The teams are coached by Mr. MacKenzie and Mr. Ruzsas. Mr. MacKenzie said "It has been a pleasure working with such fine men."

What this JV team lacked in size they made up for in hustle. Making the transition from junior high to high school basketball was not difficult for these sophomore boys.

## Young team looks to future

In spite of a weak season with 6 wins, 10 losses, the boys swim team came through and placed second in the Interlakes League meet.

This year's team was a very young team with many sophomores. Sophomore Tom Smith proved to be outstanding. He broke twelve school records for swimming events. He also went to the state meet and took third place in the 500 free style.

Next year should be a good year for the team, as many of the swimmers are returning. Once again Mrs. McDonald was the swim coach, and Bob Lieber was the diving coach.

# Girls win league championship

Miss Mauller gladly smiles with her team of tennis players. The girls had an excellent year, not only because of their victories, but also because of their sense of team loyalty. This year's team, under co-captains, Chris Witek and Linda Sowa, became league champions with a record of 10 wins and no losses.

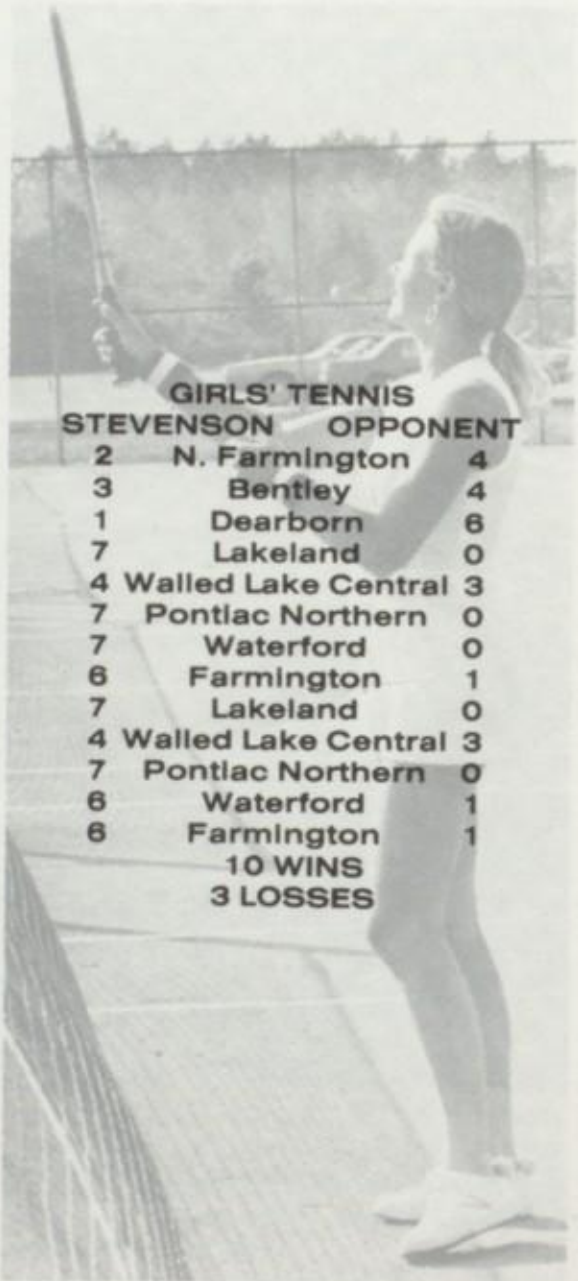

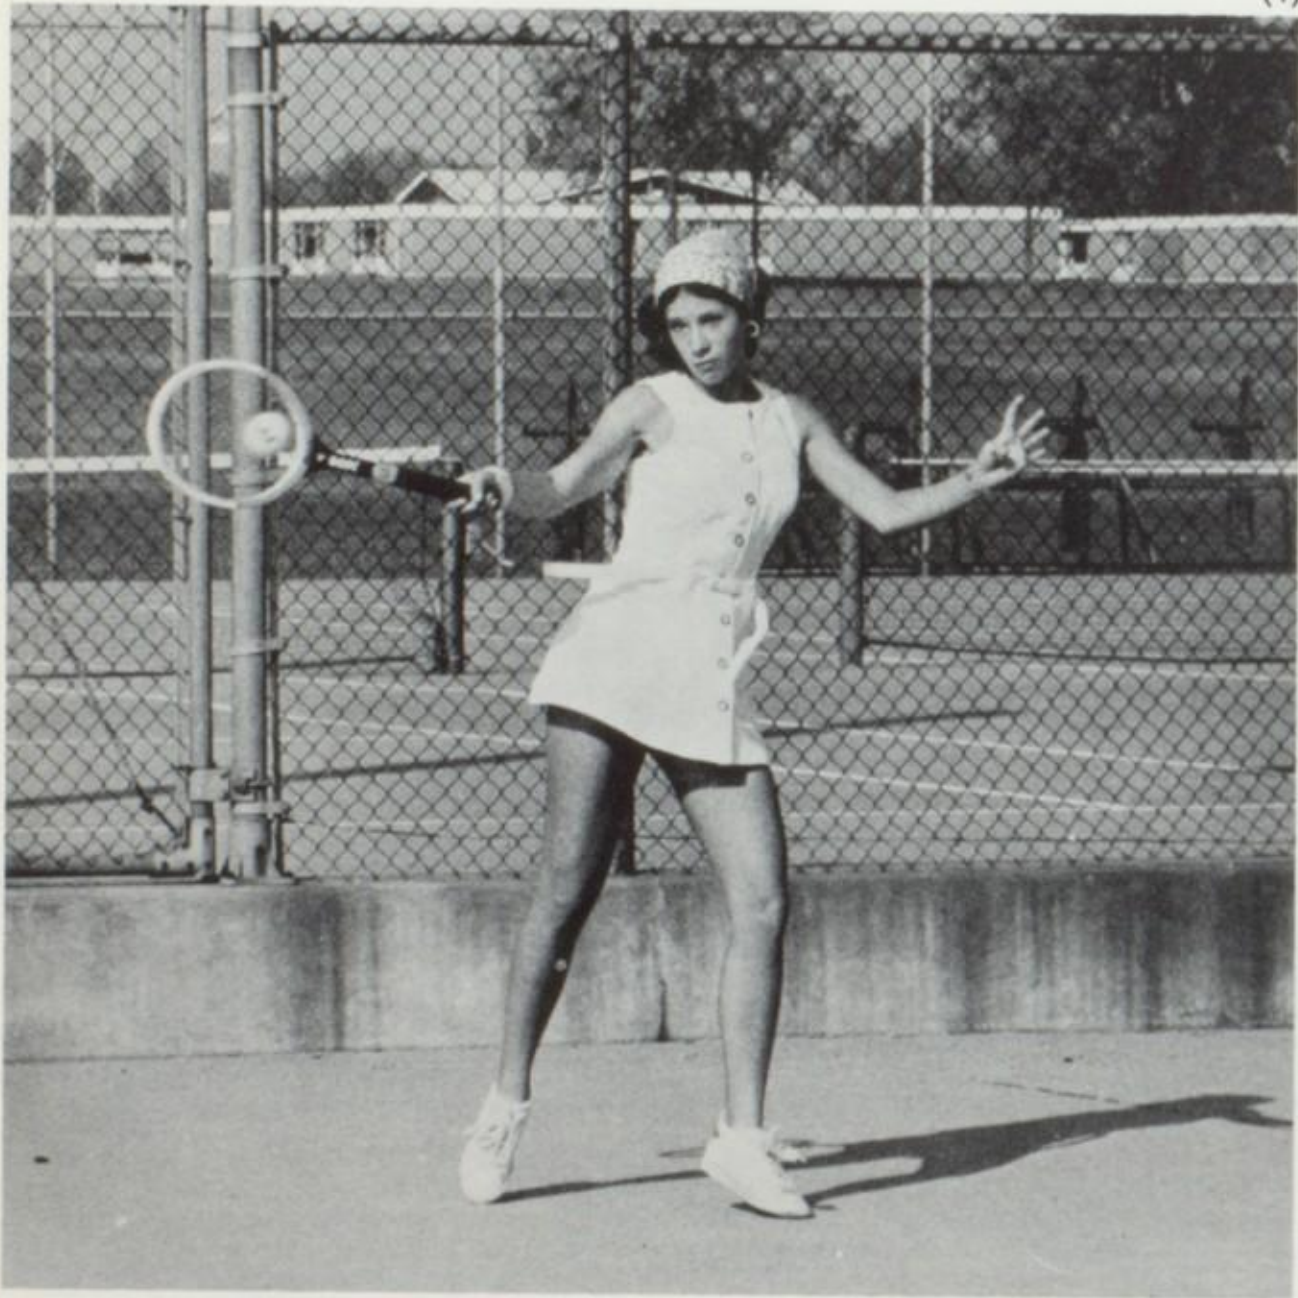

Chris Witek was singled out as the team's most valuable player and won the singles league championship. Carol Collins and Debbie Herman were the top doubles stars.

Field Day is one of the major events of Homecoming Week. It includes such events as "Pie in the Face," Obstacle Course," "Scooter Race," and "Egg Toss." These events brought together students of all three classes to battle for the winning scores.

This year once again the Class of "78" won overwhelmingly without any serious competition from seniors or sophomores.

Teachers also competed against the winning teams in each event, and although they struggled valiantly, they could not overcome their competition.

# Games of skill draw crowds

Crowds of people swarmed to the Homecoming Fair, Friday, October 15th, to try their luck at games of chance and skill, to eat, and to be entertained.

Twenty-five clubs and organizations of Stevenson pooled their talents and produced a fair that was truly enjoyable. Once again the haunted house, sponsored by the band, was a huge success. Students, teachers, parents, and friends made this year's fair a great success.

An overwhelming victory over the Waterford Skippers made this year's homecoming game a great success. The day was memorable in all aspects. Equally important was the announcing of Mr. Spartan and Queen, Ron Colone and Lisa Wagner. The dance, always a popular feature at Stevenson, provided an opportunity for alumni, students, and their dates to have an enjoyable time. The Greg Purcotte group provided the music for the occasion.

## Girls perform for president

The majorettes perform at all football games and a few basketball games. At the final football game of the season five of the senior majorettes, Jill Berry, Karen Miller, Donna Chamberlain, Beth Ann Priest, Judy McNeill, twirled fire to "This Land Is Your Land."

Also the majorettes performed for the president when he made his appearance at Wonderland shopping center in October. A couple of the girls received a kiss from President Ford.

During Homecoming the majorettes came in third place for their float, which was a dutch windmill. At one of the basketball games they twirled with flashlight batons with the lights out, which turned out really great. The girls productions this year took a lot of time and effort, but proved to be worthwhile.

## Let's show some spirit!

Spirit seems to play one of the most important roles in a school. When spirit goes so does enthusiasm and attendance. The spirit club tried hard this year to maintain spirit, and was successful. Some of the activities they took charge of were holding a disco dance, making hall signs, locker stickers, having bake sales, and the library decoration contest, in which the Juniors came in first.

Also they devoted many long hours working after school on various projects. The club was glad to say that many enthusiastic sophomores joined them this year. Mr. Laurain continued to be sponsor and provided much of his help, which made it an enjoyable experience for all.

## Band adds new steps

This year, for the first time, Stevenson's Marching Band added theatrical dance steps to its performances. The new steps helped make this year's band very good. Mr. Richard Neal, band director, stated that, "The band was smaller than past years, but it had a very solid, strong sound."

Although the band did not enter in any competitive contests during the year, they had been "accepted" to perform for Eastern Michigan University and at Disneyworld. The band also performed at the Wonderland Mall appearance of the former president, Gerald R. Ford.

Presently, Mr. Neal plans to leave the dance steps in because he feels that they "help the kids keep their rhythm and stay with the beat." He mentioned he was pleased with the band's performances.

## "And Now A Word From Our Sponsor"

proved to be a huge success as both performances of the Fall Variety Show played to sellout crowds.

The show, which was based along the lines of television commercials, included several outstanding acts of satire. Among these were a parody of the most commonly known commercials and an up-to-date skit of "Goldilocks and the Three Bears."

Many fine singers were also featured in the show. These included fine soloists as well as Girls chorus and the Symphonic Choir. All did an excellent job as songs were sung with the greatest of thought and care.

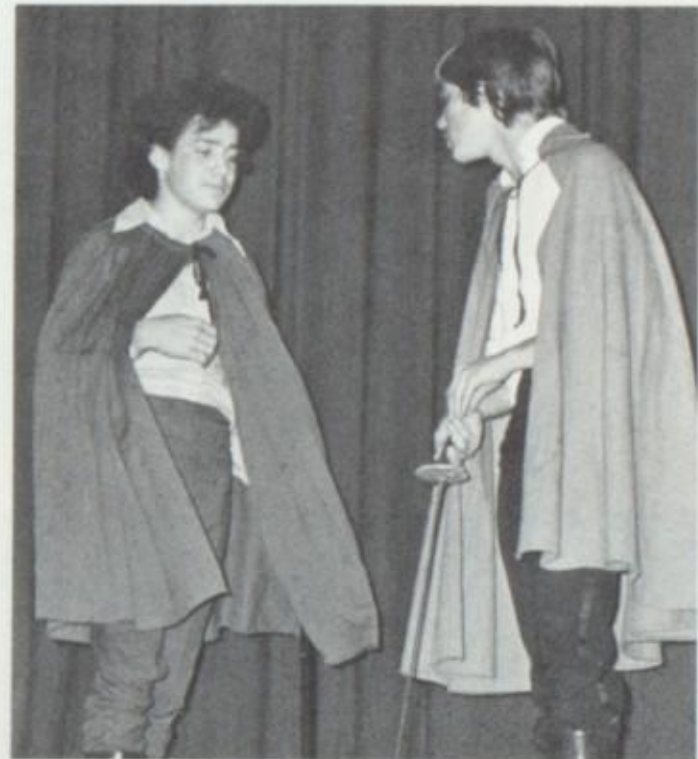

Over all, the Fall Variety Show was a worthwhile effort for everyone who participated and enjoyed the talent that it involved.

## 'Staircase' has only ups

"Up the Down Staircase" stirred enthusiastic responses from audiences November 11 and 12, and proved to be one of Stevenson's biggest box-office draws. It was also a learning experience for its cast, mostly made up of sophomores and non-Thespians. Based on Bel Kaufman's novel, the play's setting was teacher Sylvia Barrett's classroom in Calvin Coolidge, a tough New York high school. The script called for students to throw board erasers, fall off their chairs and yell "hey teach!" Said Director Kim Weber, "The hardest part was getting the kids noisy enough."

# SENATE PERFORMANCE RATES HIGH

"One of the best I have had in several years," is how Bob Massey described the 76-77 Stevenson Student Senate. Under the leadership of President Chip Browne, the senate had one of its more productive years. Chip regarded the student involvement in the English Department re-evaluation as their biggest accomplishment.

For the senate it has been a year of many fulfillments. The students proposal sheet and the Ideas Committee top the list of achievements. The senate also revised their constitution and the election method for incoming officers. They obtained student representation on faculty committees and assisted the Marine Corps with their "Toys for Tots" drive.

The senate set up the dance marathon to raise money for carpeting in the library. The senate also organized the Homecoming Dance and Fair as they have done in the past years. Chip Browne summed up the year's success by saying "because of the support from the students, faculty, and the administration this year, I feel that the senate was a very efficient system."

Putting on tremendous performances in the past year, Stevenson choir deserves much credit. They performed at Greenfield Village, where they had a very enjoyable time, and at Lenten programs in various Christian Churches. One of the highlights of the year was the purchase of a 9' Steinway concert grand piano. Money was collected for the purchase of the piano through concert ticket sales, and through the sale of 400 cases of grapefruits and tangelos in less than a week. Enthusiastic choir president, Tom Chandler, considered the sale a great success, and said that they could have sold fifty more cases if they would have had them.

## Dance Anyone?

"Left, right, left, cross, out, slide back, heel," is just one of the many different steps taught in disco dancing. Disco Dance, which was sponsored by Mr. Massey, has completed its first successful year at Stevenson. The class, which was held on Monday nights, was taught in two sessions. The first session was held at 7:00 p.m., and the second session was held at 8:15 p.m. Miss Katie Love, who is a qualified teacher of disco dancing, as well as ballroom and folk dancing, taught the wide variety of students to dance steps such as "the California Strut" and a few styles of "the Hustle."

## Dance club performs in spring

Dance Club, sponsored by Mrs. Rodolosi is in its seventh year of successful dancing. The club consists of twenty girls, but Mrs. Rodolosi hopes to have male members next semester so the club may be able to extend their variety of dances to include folk and ethnic dances.

The Dance Club puts on a show every spring, in which members of the club work together on dances that are performed in their show.

# Yesterday's Events Are Remembered Because Our Aurora Kens

The basic idea of a yearbook is to bring together, in one publication, a collection of the year's events. Such a publication does not just materialize in the spring, but requires much hard work and thought throughout the entire school year.

This year's staff included fourteen students, various photographers, and one very determined sponsor, Mrs. Jeane Allyn. All staff members must be versatile in that they must perform such duties as photo cropping, interviewing, selling, writing, designing, and graphing their ideas into finished layouts. Members of the Aurora Staff worked hard to meet deadline dates but the efforts were well worth it.

## Hock Jocks cheer team on

The Hock Jocks, boosters for the hockey team, avidly supported them this year with their usual enthusiasm and spirit. Their voices could be heard at the games, urging the team on and arousing audience support. The girls decorated the halls and lockers of players, providing publicity for the games.

The club grew in number this year, having a total membership of 37. Fourteen of these were the mainstay of the group. Mr. Nichols and Mr. Romas, sponsors of the Hock Jocks, stated that two seniors, Lauren Blatt and Colleen Pobur (co chairpersons), were the driving force behind the club. These girls have served the club for three years and will be sorely missed next year.

## Routines impress audiences

The Pon Pon squad's unique routines impress the audiences at sports events. The team prepares these routines well by attending a clinic in the summer to prepare for the year and by practicing regularly after school. In the fall the Pon Pon float won first prize. At Christmas time the girls presented a Tin Soldier act that was a hit. They consistently plan for special touches to spice up their routines.

Mrs. Makuch, the new sponsor this year, praised the girls for their interest, enthusiasm, and hard work.

# Debaters do well

As you walk into Mr. Croll's room, D15, you will see the walls lined with trophies. Speech activities have traditionally been very successful at Stevenson, and this year was no exception. During the fall and winter, novice, J.V. and varsity debaters participated in over 300 debates. This year's topic was penal reform in the United States. The debaters researched this topic last spring and during the summer at debate institutes held at universities throughout the country. Next year's debaters have already begun researching medical care in the U.S., the topic that they will be debating next fall and winter.

The varsity debaters accomplishments include qualifying for elimination rounds at several major tournaments, second place in the West Oakland Debate League, their seventh consecutive Interlakes League championship, and third place in the national tournament.

Senior Debaters, **FRONT ROW:** Joe Rasak, Jeff Gosciniak, Dave Shoup. **BACK ROW:** Dave Abramowitz, Carolyn Dolmat, Dave Walter.

Forensics is offered only in the spring. Students are trained for competition in individual speech events. There are 8 categories: Serious Interpretative Reading, Humorous Interpretative Reading, Multiple Reading, Story Telling, Oratory, Extemporaneous Speaking, Informative Speaking, and Radio News Broadcasting.

Girls work on their multiple reading. **FRONT ROW:** Lori Rickard, Chris Carter. **SECOND ROW:** Terese Derkowski, Kim Thomas, Michele McReynolds, Cathy Kronsblen.

# Creativity reflects in Spectrum

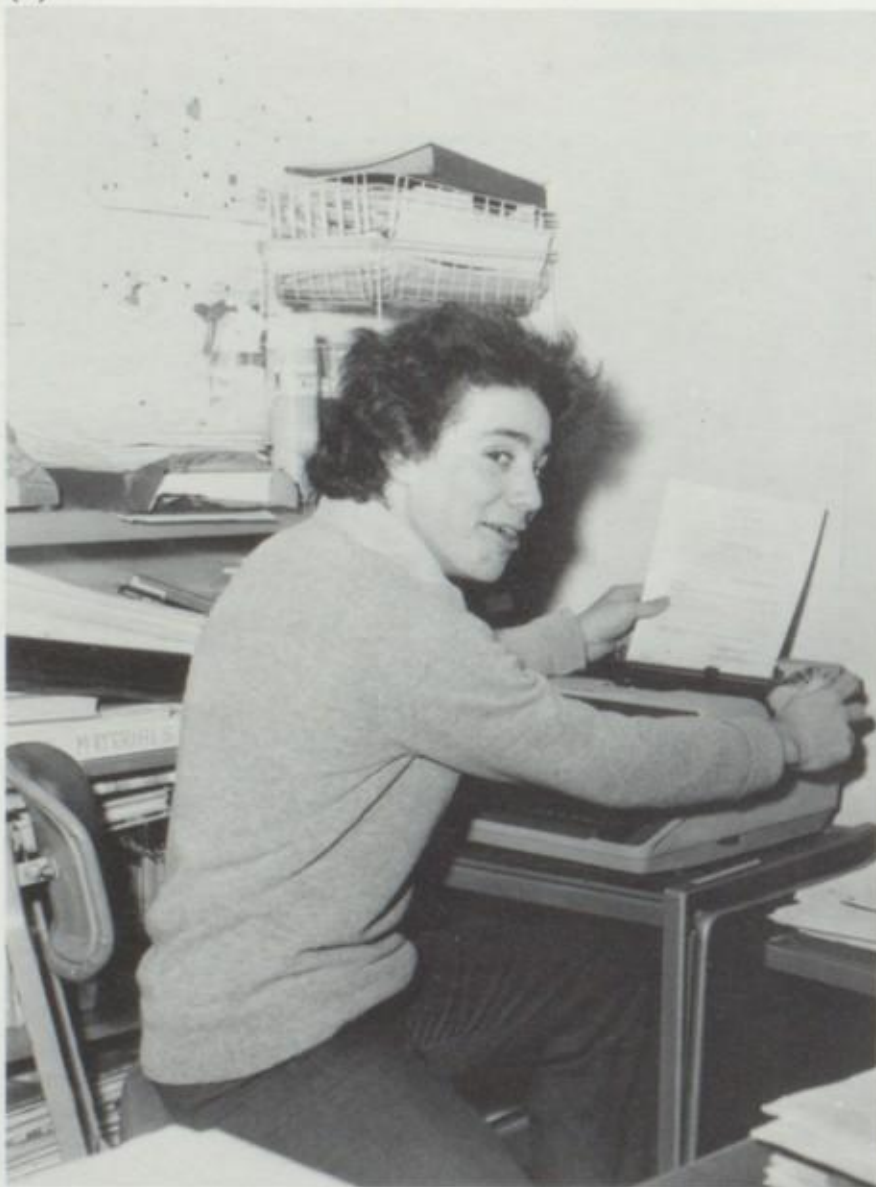

"Spectrum", the school literary magazine, had its hands full this year in trying to equal the success of last year's issue. The magazine, a collection of student written stories, poems, and essays, is published once every year and sold during the last few weeks of school.

Student staff members worked many long hours after school during the second semester in order to put together the magazine, serving on a wide variety of jobs, from editing the stories and working on publicity to putting together the actual magazine and selling it in the English classes.

Because of the number of contributions received by the "Spectrum" staff, great care is taken in judging each submission for quality to ensure that a wide variety of good writing is presented.

## Talent plus ambition equals Thespians

This year Stevenson High School broke tradition with its one act plays directed by the students for the first time. "Shubert's Last Serenade", "Zoo Story", and "The Feast", all proved to be very successful.

The students showed much enthusiasm as the cast was selected, technicians assigned, and hopes soared high. The "Thespians" creative abilities were evident throughout the year as their performances are improving all the time.

## Club aids student

The main purpose of the Foreign Language Club this year, as in the past, was to support a Stevenson student overseas. The student this year was senior Sue Dinini, who lived in Germany. Also, the club held an informal tea for the teachers to meet the foreign exchange students at Stevenson.

The colorful foreign language festival, in which food and costumes of foreign lands are featured, was held in March.

## Club explores science careers

Medical Careers Club meets weekly to explore science related career possibilities for students. In addition to this, the club engages in one large monthly activity such as the St. Patrick's day project, providing seedlings that were started by the club for convalescent homes. Clinics, field trips, and guest speakers also provided the group with insight into their chosen field. The club assisted as aides in the school blood donor drive. Mrs. Timmons, the club sponsor, has been especially pleased with the members calling them, "a very enthusiastic and able group."

# SPOTLIGHT

## Shines On Brightly

Stevenson's school paper, "Spotlight," has had another excellent year under the supervision of Ms. Janet Mendler. The "Spotlight" not only informs the Stevenson body of school activities and social issues but also teaches the staff professional journalism techniques, such as interviewing, researching, and reporting. The paper is a self-supporting activity and the co-editors this year are Lori Sobson and Carol Lane. A new position on the staff, managing editor, was filled by Donna Klingensmith, one of three juniors on the staff. The staff presented the Stevenson body with interesting, informative articles with every issue.

## Students greet cold weather eagerly

What did the members of the largest club at Stevenson do this past winter on Thursdays? Well, if you said skiing, you were right. The Stevenson Ski Club had about 185 members this past year. The unusual cold weather this year did not stop the skiers from hitting the slopes at Mt. Brighton.

The club went skiing many times last year; perhaps this is the reason the club has increased its size greatly.

The sponsors were Mr. Fox and Mr. Blunt. Other teachers accompanying the club on Thursdays were Mr. Hanford, Mr. Serri and Mr. Swift.

## Hostesses win admiration

"The Hostesses with the mostest" has aptly described Stevenson's Hostess Club members. By willingly serving at school related events the girls have earned a fine reputation as representatives of SHS. Handing out programs, seating people, serving refreshments, and directing visitors are some of their assignments.

Mrs. Timosyk continued to serve as club sponsor. She believes that the girls who serve for the club are well organized and need a minimum of direction in the fulfilling of their duties.

## Ball games attract students

Intramural sports have attracted greater numbers of students this year than in the past. Enthusiastic students play weekly in one or more of the sports offered. These sports give kids who aren't athletes an opportunity to have fun and recreation.

In the fall and winter season ping pong, sponsored by Mr. Bills, racquet ball sponsored by Mr. Mack, and bowling sponsored by Mr. Seaman, drew good attendance. The bowling league held a pizza and ice cream bash at the end of their season.

Basketball, sponsored by Mr. Massey and Mr. Mack, was offered during the winter, and in the spring baseball, sponsored by Mr. Mack, was available.

# JAZZ BAND CONTINUES STRONG

The Jazz Band continues to be one of the brightest stars at Stevenson High School. Once again this year, Mr. Neal sponsored the group, while Bob Craig was leader.

The group has "played on" at many different places this year including the Livonia Mall and the Westland Mall. In February the band gave a joint concert with Bentley High School that turned out fantastic.

Also this spring the jazz band went to a band festival away from school and sponsored a festival here.

We pick up a thought  
that will last though the day;  
We pick up a word  
that cheers on our way;  
We pick up a friend  
who will last through the years;  
We pick up, if we will,  
more of joys than of tears;  
We pick up the good  
and we pick up a smile  
And 'tis these happy pickups  
that makes life worth while.

He is only rich who owns the day, and no one owns the day who allows it to be invaded with worry, fret, anxiety. Finish every day and be done with it. You have done what you could. Some blunders and absurdities no doubt crept in; forget them as soon as you can. Tomorrow is a new day; begin it well and serenely and with too high a spirit to be cumbered with your old nonsense. This day is all that is good and fair. It is too dear, with its hopes and invitations, to waste a moment on the yesterday's.

## Sophomores show spirit

The busy sophomore class showed their school spirit this past year with their many activities. Among the accomplishments listed by class president, Doug Holmes, were the Homecoming activities, a candy cane sale, and the Fifties Dance.

During Homecoming Week, the Class of '79 came in second place in the Field Day events, and they also came in second in the float competition. The class operated two booths during the Homecoming Fair. Also, the sophomores annual candy cane sale was once again a great fund raiser.

After his first year as Sophomore Class Council sponsor, Mr. Shoemaker complimented the council on being extremely good workers.

## Enthusiastic Jrs. succeed

The Junior Class Council this year is the largest council in the history of Stevenson with forty active members. Because of this, they reached many of their goals, such as making money, performing a service for the students, and in addition having fun. They played an active role in the Field Day by planning and organizing many new events. The Christmas Dance was a sell out, and a great success with the participation of almost every member. Since many more students were involved with Junior Class Council, this created a much better overall feeling between all students.

The differences in human life depend, for the most part, not on what men do, but upon the meaning and purpose of their acts. All are born, all die, all lose their loved ones, nearly all marry and nearly all work, but the significance of these acts may vary enormously. The same physical act may be in one situation vulgar and in another holy. The same work may be elevating or degrading. The major question is not "What act do I perform?" but "In what frame do I put it?" Wisdom about life consists in taking the inevitable ventures which are the very stuff of common existence, and glorifying them.

# Girls have super season

The girls softball team had an outstanding season with 18 wins, and 3 losses. The captains were Elaine Jeffrey, and Chris Witek, with Elaine also being the most valuable player. The girls attributed their many wins to the enthusiastic attitude held by all the players.

With only three of the girls graduating, an equally successful season is anticipated by the remaining teammates for next year.

(1) Pat Dotson throws the ball to the infield. (2) Mr. Soave gives Diane Connaughton last minute instructions. (3) Debi Johnson concentrates on hitting a homerun.

## Team efforts pay off

"Movies and Television," the theme of this year's synchronized swim show, featured routines based on the theme songs from movies and TV, such as "Pink Panther," and "One Flew Over the Cuckoo's Nest."

The girls spent many hours after school on the production of the show. These hours of practice paid off, as the show was a big success with the large audience that attended.

Miss Peggy Oven coached the girls. Next year the team plans on entering in the Inter-Scholastic competition.

## Senior trio leads runners

Seniors, Bill Wilkin, Bill Rowley, and Mark Niemchek proved to be the Spartan's running attack as they placed well in every meet. Fine junior running came from Mike Wheeler and Jaime Galindo, and many others. They were backed up by many hard working sophomores. The team finished their season with a 7-2 record and a second place in the league.

Coach Holmberg and Coach Bills felt they had a very strong team although many were young.

(1) Karen Schmidt places first in the 100 yard dash with Patti DeMarco placing second. (2) Wendy Tipton and Jan Niemic round the corner. (3) Brenda Tipton stretches things. (4) Exerted effort is shown in the face of Kathy DuBois. (5) Spartan's star, Julie Voyles, takes another first in stride.

## Young team makes its mark

Runners take your mark, get set. . . and their off!

The Girls' Track Team did just that. With another fine season under hat, Coach Embree is well pleased with her young but talented team. With a final record of 9-1, the girls ran on to take league and a second in the regionals. New records were set by Maureen O'Grady, Wendy Tipton, and Julie Voyles. Also, Julie placed third in the state for SHS with a fine race in the mile.

## Baseball team overcomes rain

Rain, rain go away come again another day. Sound familiar? For the Varsity Baseball Team this little limerick became their theme song.

Waterlogged and all, the team had a fine season with a 15-7 record. They were 2nd in league and were knocked out of pre-districts in their game. Sluggers, Dennis Rusiewski and Mikey Grech led the way for the Spartans in hitting, while pitchers, Brent Erickson and Mike Gries, did their jobs with strikeouts. Coach DuBois, a first year coach, led the fine Spartan team in a victorious season.

(3)

(1) Junior pitcher, John Mullane winds up for his curve ball. (2) Art Wendt, Spartan's third baseman, makes an easy out. (3) Slugger, Mike Laird, awaits the pitch. (4) Coach DuBois, gives the signal to the man on first. (5) With much effort, Ron Colone, relays the ball home.

(1) Dan Horvath leaps to smash a lob.  
(2) Dean Sauer and Steve Garver consult Coach Shoemaker on court line-ups. (3) Kevin Green winds up for an ace serve. (4) Ken Carpenter wallops the ball in a volley.

## Tennis team shines

SPRING SPORTS....starring the Tennis Team. Did they ever shine! Finishing a perfect season with a 15-0 record, they went on to be League Champs. Not satisfied with just being League Champs, Dan Horvath, Tom Glenn, Doug Gembis, and the doubles team of Steve Garver and Jim Pfeiffer won in regional playoffs, with the whole team conquering the Regional title. Coach Shoemaker can be proud of his team and his fine coaching. Shine on Spartans' Tennis Buffs!

## Do you feel like dancing?

Shall we dance? 29 Stevenson couples answered "yes", and participated in the second Dance Marathon. The marathon consisted of 16 hours of dancing with ten minutes each hour to rest. 27 of the couples endured the entire time.

Some of the special attractions were the 50's hour, the disco hour, and the dance contest. Also, there were two hours of dancing to two live bands, "The Bronson Booties" and "Jester".

Many students were involved in the marathon in committees, as contestants, and as spectators, providing a fun time for all. As a motivation for these kids, donors pledged money to be used toward the purchase of carpeting for the library. The dancers raised \$685 in all.

(1) Musicians Rob Craig, Eric White, Jim Holcomb, and Chris Farmer brought live music to the dance for an hour. (2) Disc jockeys for the marathon were Tom Ellison and Jim Macsay. (3) Dancing as a

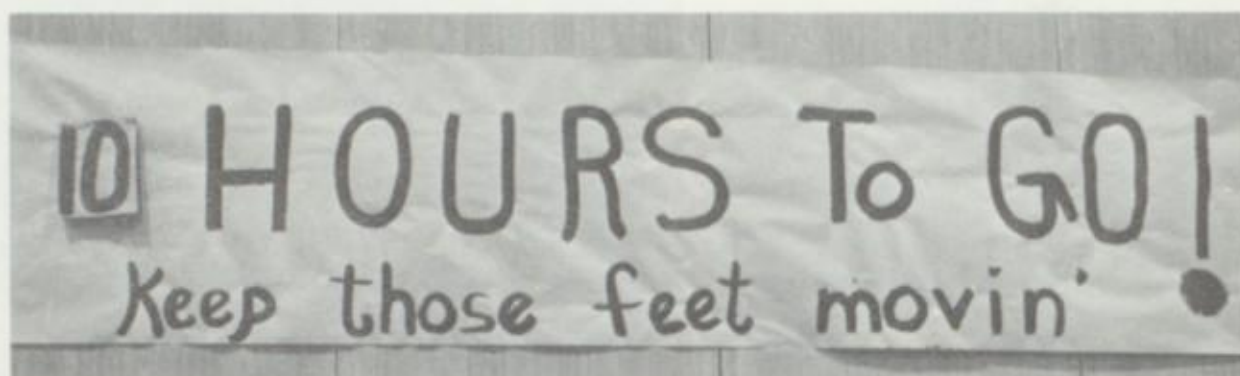

team are Byron Bullough and Franca Tartaglia. (4) Lisa Cashero, Mike Mulcahey, Lyle Kellman, Barb Ludwig, and Chris Williams participated in this event.

(1)

(2)

(3)

(4)

(3)

(1) Sue Terns, Debi Johnson, Sandy Sussalla, and Gail Mueller are full of energy at the start of the marathon. (2) Students listen attentively as instructions are given concerning the door-to-door canvas. (3) Byron Bullough and Tami Zea depart on their collection campaign. (4) Liz Siegel, Darlene Besserman, and Frieda Rosin are first out of the door as the Dollars for Scholars canvas begins.

(2)

## Scholars benefit from donations

Knowledge of human anatomy is not necessary to understand the aches and pains suffered by those students who participated in the Dollars for Scholars campaign. Sore feet and aching legs were common ailments for the twenty-six Stevenson students who collected a total of \$950.42 during the door-to-door canvas.

On top (or perhaps it should be stated "on bottom") of the tender areas mentioned above, Stevenson's four representatives at the teeter-totter marathon had various other uncomfortable areas after thirty-six hours of continuous teeter-tottering. Deborah Johnson, Susan Terns, Sandra Sussalla, and Gail Mueller composed the two teams which together brought in an additional \$900.00 in pledges to be directed toward scholarships.

## Rock around the Clock

Friday, May 13 was a lucky day for some students dressed in the style of the 50's. Andre Michele captured the hearts of many Fonzie fans and won the Fonzie look-alike contest, while Chip Browne tagged along winning the Potzie look-alike. Other activities on 50's day included a bubble gum blowing contest and 50's style entertainment during lunch.

That night the 50's dance had a very good turnout of over 300 people, and almost every one of them were "rockin around the clock."

(4) Debbie Curis and Marjorie Balsis do a song and duck routine. (5) The faculty four, Mr. Soave, Mr. Quick, Mr. Everson, and Mr. Mac-Kenzie serenade the variety show audience.

## 'You don't have to be a Star'

The "Gong Show," "Ma-Mi-Ma-Mo-Moo," and the "The Whistling Buddies" were just a few of the unusual acts at the variety show, "You Don't Have to be a Star." Exciting musical acts formed a large percentage of the show. Both performances were sold out, enabling the Symphonic Choir, who sponsored the show, to raise money toward the price of a grand piano recently purchased.

## School applauds outstanding achievement

Stevenson held its 12th Annual Honors Convocation to recognize its outstanding students on June 1, 1977.

Special achievements were recognized and awards presented, including the All-School Awards, recognition of the foreign exchange students, and the presentation of the Jay W. Formsma Award to Roger Browne, III and Audrey Melenyk. In addition, Ronald Colone and Chris Witek were the recipients of the James Brieske Award.

Academic awards were announced, including the appointments to military academies, scholarships to colleges, honor roll students, departmental awards, and outstanding seniors.

(3)

(4)

(1) Chris Witek smiles as she accepts the James Brieske award. (2) Mr. Groen presents Colleen Pobur with the French Award. (3) Mr. Robison presents Mark Sinkoff and Tom Potter with the Industrial Education Award. (4) Mrs. Bentley acknowledges outstanding senior achievers. (5) Mr. Lyke announces the appointment to West Point of Paul Coe, the four year Army ROTC scholarship to Western Michigan of Chris Trimer, and the appointments to West Point of Dean Taylor, Bill Ralph, and Mike Jaye. (6) Chip Browne and Audrey Melenyk happily leave the stage after accepting their Formsma awards. (7) An All School Award is given to Ken Baisch by Mr. Massey and Chris Farmer. (8) After Sharen Flemings was awarded the John Philip Sousa award, Audrey Melenyk and Ted Mallires receive the Band Award from Mr. Everson for their outstanding contributions. (9) The audience stands at the end of the program to honor all the award recipients.

## This is THE DAY

The long awaited Graduation Day finally arrived! On Thursday, June 16th, at 6:30 P.M. seniors marched on to the field and took their places. The ceremonies began with the invocation by Vera Sedlacek. Ricardo Galindo, Stevenson class of 74 and presently attending the U. S. Naval Academy, delivered a thought provoking address on "Honor."

Then the seniors filed to the podium to have their names announced by Mr. Groen or Mr. Swift and received their diplomas. The benediction by David Walter closed the ceremonies. No longer seniors, they were now graduates.

(1) Presenting the class of 77. (2) Ken Baisch receives his diploma from Mr. Pridgeon. (3) Mrs. Bentley and (4) Mr. Pridgeon, Board President, welcome the graduates. (5) Ricardo Galindo delivers his address. (6) Greg Alaska accepts his diploma. (7) Kathleen Breznau waits for her name to be announced by Mr. Groen. (8) Mr. Croll and Mr. Seaman give a last minute check as Jeannette Disbrow leads the way. (9) Graduates march on to the field and (10) wait patiently until all are seated. (11) Bruce Belknap and friends check the stands for familiar faces.

# Students discover faculty members share interests

Stevenson's intramural baseball league set aside Monday afternoons to take over local baseball diamonds. Two faculty teams and ten student teams were originally formed. Although poor weather occasionally dampened the players spirits, league members displayed their enthusiasm for the sport by their good attendance. The student team known as the Hawks ended the season in the number one position.

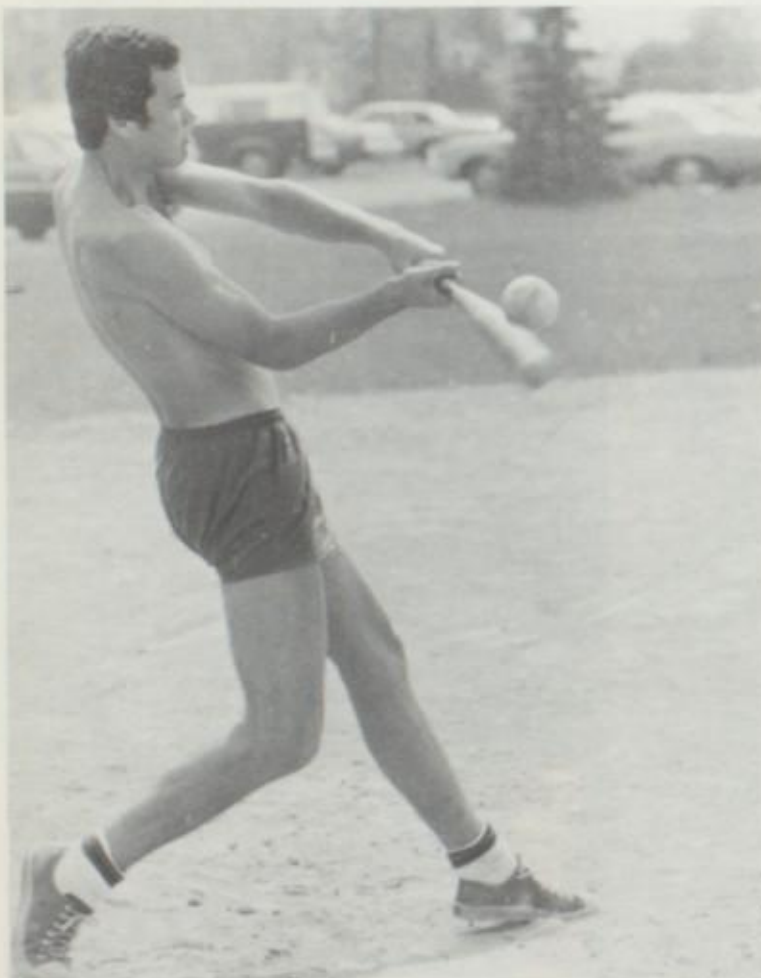

Another sport which provided entertainment for students was bike riding. There were no lengthy trips; however, the bike club's fifteen to twenty active members did enjoy pedaling to such areas as downtown Plymouth and Maybury Park in Northville.

(1)

(1) Mr. Angus MacKenzie hits a fly ball into center field. (2) Mr. Dennis Laurain makes a peace offering with a member of the opposing team after an exciting game. (3) Mr. James Winebrener "steals" third base. (4) Steve Gabrian hits a homerun with the bases loaded.

(4)

(2)

(3)

Mr. Frank Blondale, Bike Club sponsor, and Stevenson's Bike Club.
